Website : <http://www.cuniv-naama.dz/>

Email : mslimani20@gmail.com.

The University of Naama on the other hand, has 5000 students, 250 teachers (permanent and temporary) and 350 administrative staff

03 institutes:

- 1- The institute of science and technology that groups three departments: biology, computer math; mechanical and electronic engineering
- 2- The institute of letters which includes three departments (Arabic, French and English letters)
- 3- The institute of law

As a partner country, we wish to integrate in an Erasmus + KA107 + project in order to facilitate the international mobility of student credits (bachelor and master), the mobility of staff of supervisors and to undertake projects of common interests. Also, to exchange linguistic, intercultural and professional skills between our two universities. Concerning the university staff our project will enable them to Acquire knowledge and expertise , to enrich the content of lectures, to develop the professional network, to contribute to the modernization and international opening of the university.

This project will allow us to benefit from your capital of experience in the improvement of the visibility of the university for a better attractiveness in order to emphasize the academic and scientific activity of the university, and also to set up a device linking the university with the socio-professional milieu to facilitate the integration of future graduates. The objective of the project: Modernization of higher education at the multidisciplinary level by:

- Improving the quality of higher education through the mobility of students and supervisory staff.
- Modernization of Higher Education Management and Evaluation Processes
- Exchanges of academic and cultural experiences (mobility)
- The development of the scientific potential of professors and students in areas of common interest.

Erasmus+

F. Quality Questions

For each of the previously mentioned Partner Countries (entered either as an origin or destination country), please comment on the following quality aspects:

F.1. Partner Country: University SALHI Ahmed of NAAMA (Algeria).**F.1.1. Relevance of the strategy**

the aim of the Erasmus + project with your institution, which constitutes for us a first experience in this kind of action, to facilitate the mobility of students, teachers and supervisory staff to improve and strengthen their capacity in the field. 'Higher Education.

We would like also to exchange academic experiences in order to ensure the employability of students and their insertion in the professional life as well as to enhance education and multidisciplinary.

This project will allow us to benefit from your capital of experience in the improvement of the visibility of the university for a better attractiveness in order to emphasize the academic and scientific activity of the university, and also to set up a device linking the university with the socio-professional milieu to facilitate the integration of future graduates.

F.1.2. Quality of the cooperation arrangements

We have no previous experience in Erasmus+

Erasmus+

F.1.3. Quality of project design and implementation

Present the different phases of the mobility project and summarise what partner organizations plan in terms of selection of participants, the support provided to them and the recognition of their mobility period (in particular in the Partner Country).

Selection of Students

3rd year Bachelor students

Master 2 students (January –June)

Selection of Teachers and staff

Depending on the nature of the accorded project

Visa and insurance's fees are in charge of our university

F.1.4. Impact and dissemination

To ensure communication and the integration of the results at university level (amelioration of teaching), and at the local level (to participate in the regional development through the insertion of new university graduate qualified in practical domains. Creating new disciplines (License, Master) in different fields and sharing the obtained results through the organization of scientific manifestations and their publication.

Acquiring new knowledge in different domains: cultural and sports' exchange. Exchanging experiences in students' insertion in the professional life (university and socio-economic), ensuring the visibility of our university and developing on them the ability to learn foreign languages, especially in ESP (English for Specific purpose) terms since, almost all the instructions in our university are either in French or in Arabic as well as to develop on them the sense of interculturality.
