PROJECT DESCRIPTION:

Objectives

This project aims to contribute to the development of quality assurance practices in Palestinian and Jordanian universities and to strengthen exchanges between them and with European partners. Improve the quality of quality assurance practices in order to improve the quality of governance of the consortium's universities.

The specific objective is the implementation of an internal evaluation approach in the Jordanian and Palestinian universities.

Activities

- 1- Unify of a methodological approach of quality assurance in partner countries.
- 2- Strengthen communication between partner countries to compare their different quality assurance practices.
- 3- Constructing on a common referential adapted to the different contexts and on the basis of predefined problems.
- 4- Internal self-evaluation by the institutions and the countries.
- 5- Determine the elements allowing the sustainability of the self-assessment procedures and the dissemination of the results to the higher education institutions of the partner countries.

Results

- Adoption of a common methodology.
- Share a comparative approach to quality assurance and training of resource persons on internal evaluation procedures;
- Realization of the state of play in each university partner and development of common evaluation references adapted to the different contexts;
- Adoption of a common self-evaluation framework for partner universities;
- Realization of each member university of the consortium of a targeted self-assessment, based on predefined problems;
- Identification of tools to ensure the sustainability of self-assessment approaches and dissemination of results of higher education institutions in partner countries.
