Duration of the project/ cooperation	Long term
Expectations/ comments of the Partner Country HEI	
<ul style="list-style-type: none"> • Participation of PAARA in Erasmus+ Projects will promote internationalization of the Academy, as well as expanding and multiplying PAARA international relations in the education and research fields, the cooperation with Polish universities and international structures of higher education; • Erasmus+ student mobility from PAARA to Polish University will enrich his/her professional knowledge and raise their competitiveness in the labour market due to their international experience. It will also serve as an added value for PAARA's internationalisation strategy implementation. • Staff mobility from PAARA to Polish University will be a great opportunity for the staff member to establish new professional connections and make exchange of experience through embracing differences both in teaching approaches and workflow issues.
