

The University of Milano-Bicocca

announces the opening of applications to 2019 International Summer School programs. This year we have new fantastic destinations and new training programs together with well-established Summer Schools!

The Summer & Winter Schools organized by the University of Milano-Bicocca are international programs of short duration (usually from 1 to 3 weeks) covering a range of academic disciplines. The programs, besides being committed to cutting edge teaching and knowledge sharing, also provide an opportunity to the students to earn academic credits. The Summer Schools are organized in Italy and abroad, thanks to our collaboration with universities and partner institutes all over the world. The language of teaching of all International Summer School Programs is English. All info are available at www.summerschoolbicocca.com

Among 2019 Destinations:

Malta, Azerbaijan, India, Cina, Bosnia&Herzegovina, Spagna e Portogallo.

Here's all the info for each Summer Course
